**A-JUST-A-BUBBLE**

Cast your favorite fly, jig or live bait like a shot with extreme accuracy with A-Just-A-Bubble. Fish as a stationary float or use as a slip float to obtain desired depth. Just add proper amount of water for optimal performance. The **ROUND** body style allows for a larger profile on top of the water, lending itself to far greater visibility. The **LIGHTED** A-Just-A-Bubble includes a two pack of 1.5” powdered Glow Sticks. All of our premium quality bubbles are made in the U.S.A.

**Examples:**

- 1 x AB-1B = 1 dozen blistered 1/4oz Clear
- 1 x AB-1 = 1 box of 100 bulk 1/4 oz Clear
- 1 x LABL-1B = 1 dz blistered 3/8oz Clear/Lighted
- 1 x RAB-3 = 1 box of 50 bulk Round Trans. Red
**How To:**

1) Narrow end towards fishing rod.
2) Open bubble by pulling on clear plug at large end.
3) With bubble open, insert light stick and water for extra weight to assist in casting.
4) Gently place the plug back in the bubble.
5) Slide bubble up the line to create the desired leader length.
6) Simply twist the plug until the tube snaps over. This fixes the bubble to the line with no stops or damage!

**B-52 Super Sounder**

The hard plastic B-52 Super Sounder is a stronger, louder, brighter popping cork. With rattle beads inside and brass beads outside the plastic float transmits directly into the water, whereas foam corks insulate sound and just click on the surface. The B-52 Super Sounder is the most effective popping cork on the market.

</table>

- Align notches in rubber with slot in Quick Float. Insert line through slot in bobber and in rubber barbell ends.
- Adjust the Quick Float to the desired position on line, then twist the rubber ends multiple times to secure to the line.
- Once secured to line, make sure the slots in the rubber are not aligned with the slot in the Quick Float.
**TOUGH BUBBLE**
Made of tough Butyrate plastic here in the good old U.S.A., this bubble will withstand a whole lot more than other wimpy imitations! The Tough Bubble is water fillable for greater control and longer casting distances. It is the perfect fit for fishing a fly or bait, live or artificial.

SLIP EZE

Slip into the ease of slip float fishing with Slip-Eze. Slip-Eze slip floats are a unique and ingenious breakthrough in slip bobber design. Sensitivity, stability, simplicity, and removable without line damage. Available in a large variety of sizes there is a Slip-Eze slip float for whatever type of fish is being angled. All Slip-Eze include a Gizmo bobberstop, bead, and simple instructions.

- **SED** 5" Red/White, 2 per poly bag with header includes Gizmo Bobberstop
- **SEC** 5" Red/White Yellow/White, 2 per poly bag with header includes Gizmo Bobberstop
- **SEB** 4" Red/White Yellow/White, 2 per poly bag with header includes Gizmo Bobberstop
- **SEA** 3" Red/White Yellow/White, 2 per poly bag with header includes Gizmo Bobberstop
- **SEM** 2" Red/White Yellow/White, 2 per poly bag with header includes Gizmo Bobberstop
- **SET** 5" Red/White Yellow/White, 2 per poly bag with header includes Gizmo Bobberstop
- **SEVP3** MIXED MIXED, 3 per poly bag with header includes Gizmo Bobberstop
INSTRUCTIONS:

1. Remove red flags at the top and bottom. Fig. A

2. Align slots in the float and shaft. Fig. B

3. Lay line in slot.

4. Turn float body so slot is no longer open.

5. Reinsert red flags. Fig. A
**WORM HARNESST**
Available in three different blade styles, all worm harnesses come with red hooks.

**X-BUG**
The X-Bug is a soft bodied, glow in the dark bait that is a cross between a fly and a bug. The innovative design generates nice action that allows the X-Bug to work on a variety of species.

**GIZMO BOBBERSTOP**
The Gizmo Bobberstop passes thru open and closed faced reels and will not damage or freeze to the line! Quite simply, the best bobberstop on the market! Made in the U.S.A.
**SHOOT OUT HOOK REMOVER**
Fast, clean, and easy, this is a highly effective hook remover. Made of quality rust resistant materials.

CATCH MORE FISH!
Using Science to Gain a Competitive Edge

Rig the CAGI with the enclosed propeller facing the rod and the bait/lure 12”-18” back. Add swivels at to prevent line twist.

1. Rod
2. Bait or Lure 12”-18” back

---

**CAGI SONIC ATTRACTOR**

Designed and tested by a former NASA physicist, the Sonic Fish Attractor has been scientifically proven to work! The Sonic Fish Attractor is a sound emitting device that generates frequencies in the narrow band that has been proven to be what fish can ‘hear’ and respond to. It makes every lure better!

**Item # | Size | Color | Package Options**
--- | --- | --- | ---
CGI | 2” | 1, 2, 4, 5 | 1 per blister card

Salmon, Trout, Crappie, Walleye, Perch respond at 30-400 Hz

Bass and Pike respond at 100-1000 Hz

As the CAGI goes faster it produces higher frequencies. Keep the retrieval speed within the limits of the fish being angled. This means 1-2.5 mph for most freshwater fish.
All Trolls Pictured are the ‘H’ style Hang Card package in the ‘MIX’ finish color

Pot-O-Gold Trolls
Pot-O-Gold Trolls are a can’t miss. Available in the most popular sizes and colors, we’ve got you covered. Made with 302 stainless steel wire rope these trolls are ready for battle. In addition, Pot-O-Gold Trolls feature an easy spin clevis, making even our largest troll easy to pull. Our handy display is the quick and convenient way to offer a great variety of trolls. Made in the U.S.A.

**Troll Display Assortment 36 Trolls**

**Lake Troll Blister Pack**
**Vance's Dodger**

Our dodger is 1/4" longer than a standard 4/0 dodger. This length allows for more action at slower speeds, but the narrow design keeps the drag on the rod to a minimum. The swivels and coastlock snaps are rated at 75 lbs. Vance's RECORD SETTING dodgers are proudly made in the U.S.A.

**Made in the U.S.A.**

All of our Flashers are Proudly Made in the U.S.A.
**Little Slim Willie**

This flasher is unique from others because the larger blade is at the rear resembling a striking fish feeding on smaller minnows. The design of the Little Slim Willie allows for maximum flash and minimum drag. The rudder allows this troll to run approx. 6'-10'.

Vance's Spiral Wrap Rods

These rods were designed from the ground up to be the ultimate trolling rods. Made from E-Glass blanks these two piece rods feature a high quality spigot ferrule and spiral wrapped guides. The E-Glass rod is highly parabolic and acts as a big shock absorber, exactly what is needed when trolling. The Spiral wrapped guides start at the top and rotate around the rod so the tip faces down. This will allow the use of a casting reel, while still keeping the tip down.
